

Greenhouse Gas Verification Statement Number
TH-BA-26-TH26/00000388-001

The inventory of Greenhouse Gas emission in period
01/01/2025 – 31/12/2025 of

Applied DB Public Company Limited

Headquarters: 252, Moo 4, Soi 3C, Sukhumvit Rd., Phraeksa Subdistrict, Mueang District, Samut Prakan 10280, Thailand
Factory 1 : 260, Moo 4, Soi 4C, Sukhumvit Rd., Phraeksa Subdistrict, Mueang District, Samut Prakan 10280, Thailand
Factory 2 : 271, Moo 4, Soi 4C, Sukhumvit Rd., Phraeksa Subdistrict, Mueang District, Samut Prakan 10280, Thailand

has been verified in accordance with Verification Requirement of Carbon Footprint for Organization, January 2017 and
ISO 14064-3:2019 as meeting the requirements of

Carbon Footprint for Organization
by Thailand Greenhouse Gas Management Organization
(Accounting and Reporting Requirements of Carbon Footprint for Organization Version 6, July 2022)

Scope1 (Direct GHG Emissions) = 175 tCO₂e

Other Direct GHG Emissions which separately reported (R22) = 11 tCO₂e

Scope2 (Energy Indirect GHG Emissions) = 2,286 tCO₂e

Scope3 (Other Indirect GHG Emissions – Purchased goods, Fuels- and energy-related activities (not included in
scope 1 or scope 2), and Waste generated in operations) = 36,964 tCO₂e

For the following activities:

Manufacturing and product development of plastic pellets and synthetic Polypropylene fibers

This Statement is not valid without the full verification scope, objectives, criteria and level of assurance available on pages 2 to 3
of this Statement.

Schedule Accompanying Greenhouse Gas Verification Statement TH-BA-26-TH26/00000388-001

Brief Description of Verification Process

SGS (Thailand) Limited hereinafter referred to as “SGS” has been contracted by Applied DB Public Company Limited hereinafter referred to as “ADB”, for the verification of direct, energy indirect and other indirect Greenhouse Gas Emissions in accordance with: Carbon Footprint for Organization by Thailand Greenhouse Gas Management Organization (CFO by TGO) as provided by ADB in their Greenhouse Gas (GHG) Assertion covering GHG emissions of the period 01/01/2025 – 31/12/2025.

Roles and Responsibilities

The management of ADB is responsible for the organization’s GHG information system, the development and maintenance of records and reporting procedures in accordance with that system, including the calculation and determination of GHG emissions information and the reported GHG emissions.

It is SGS’ responsibility to express an independent GHG verification opinion on the GHG emissions as provided in the GHG Assertion for the period 01/01/2025 – 31/12/2025.

SGS conducted a third party verification in the period of March 2026 to May 2026. The verification was based on the verification scope, objectives and criteria as agreed between ADB and SGS in Agreement Date 14/01/2026. The assessment included a desk review, responsible person interviewing and verification of organisation’s activities data.

Level of Assurance

The level of assurance agreed is that of Limited assurance

Scope

ADB has commissioned an independent verification by SGS of reported GHG emissions of ADB arising from manufacturing and product development of plastic pellets and synthetic Polypropylene fibers and associated activities, to establish conformance with the requirements of Carbon Footprint for Organization by Thailand Greenhouse Gas Management Organization within the scope of the verification as outlined below. Data and information supporting the GHG assertion were historical in nature and proven by evidence.

This engagement covers verification of emissions from anthropogenic sources of greenhouse gases included within organization’s boundary and meets the requirements of Carbon Footprint for Organization by Thailand Greenhouse Gas Management Organization and ISO 14064-3:2019.

- The organizational boundary was established following: Control Approach (Operational Control)
- Title or description activities: Manufacturing and product development of plastic pellets and synthetic Polypropylene fibers
Location/boundary of the activities: Headquarters: 252, Moo 4, Soi 3C, Sukhumvit Rd., Phraeksa Subdistrict, Mueang District, Samut Prakan 10280, Thailand
Factory 1 : 260, Moo 4, Soi 4C, Sukhumvit Rd., Phraeksa Subdistrict, Mueang District, Samut Prakan 10280, Thailand
Factory 2 : 271, Moo 4, Soi 4C, Sukhumvit Rd., Phraeksa Subdistrict, Mueang District, Samut Prakan 10280, Thailand
- Physical infrastructure, activities, technologies and processes of the organization: Office buildings, and production processes of its headquarters, factory 1 and factory 2, maintenance shops, warehouses, petrol pumps for forklifts, fire pumps, and waste stores of its factory 1 and factory 2, and technical building of factory 2.
 - Types of GHGs included: CO₂, CH₄, N₂O, HFCs, PFCs, SF₆, NF₃
 - GHG sources, sinks and/or reservoirs included:
 - Scope 1 – Stationary combustion, Mobile combustion, and fugitive emissions;
 - Scope 2 – Purchased electricity
 - Scope 3 – Purchased goods, Fuels- and energy-related activities(not included in scope 1 or scope 2), and Waste generated in operations
 - GHG information for the following period was verified: 01/01/2025 – 31/12/2025.
 - Intended user of the verification statement: Client internal use, stakeholders communication and registration with TGO.

Objective

The purposes of this verification exercise are, by review of objective evidence, to independently review:

- Whether the GHG emissions are as declared by the organization's GHG assertion
- That the data reported are accurate, complete, consistent, relevant, transparent and free of material error or omission and
 - Registration of Carbon Footprint for Organization with Thailand Greenhouse Gas Management Organization.

Criteria

Criteria against which the verification assessment is undertaken are Verification Requirement of Carbon Footprint for Organization, January 2017, Accounting and Reporting Requirements of Carbon Footprint for Organization Version 6, July 2022 and ISO 14064-3:2019.

Materiality

The materiality required of the verification was considered at 5% based on the needs of the intended user of the GHG Assertion.

Conclusion

ADB provided the GHG Assertion based on the requirements of Carbon Footprint for Organization by Thailand Greenhouse Gas Management Organization.

The GHG information for the period 01/01/2025 – 31/12/2025 disclosing emissions of

Scope1 – 175 metric tonnes of CO₂ equivalent,

Other Direct GHG Emissions which separately reported (R22) – 11 metric tonnes of CO₂ equivalent,

Scope2 – 2,286 metric tonnes of CO₂ equivalent

Scope3 (included Category 1, Category 3 and Category5) – 36,964 metric tonnes of CO₂ equivalent

and gross emissions of 2,461 metric tonnes of CO₂ equivalent (Scope1 and 2) or 39,425 metric tonnes of CO₂ equivalent

(Scope1, 2 and 3) are verified by SGS to a Limited level of assurance, consistent with the agreed verification scope, objectives, and criteria.

SGS' approach is risk-based, drawing on an understanding of the risks associated with reporting GHG emissions information and the controls in place to mitigate these risks. Our examination included assessment, on a sample basis, of evidence relevant to the amounts and disclosures in relation to the organization's reported GHG emissions.

Based on the process and procedures conducted, there is no evidence that the GHG assertion

— is not materially correct and is not a fair representation of GHG data and information, and

— has not been prepared in accordance with the related International Standard on GHG quantification, monitoring and reporting, or to relevant national standards or practices.

We planned and performed our work to obtain the information, explanations and evidence that we considered necessary to provide a Limited level of assurance that the GHG emissions for the period 01/01/2025 – 31/12/2025 are fairly stated.

This statement shall be interpreted with the Greenhouse Gas Assertion of ADB as a whole.

Limitation

Note: This Statement is issued, on behalf of Client, by SGS (Thailand) Limited ("SGS") under its General Conditions for GHG Validation and Verification Services available at <https://www.sgs.com/en/terms-and-conditions>. The findings recorded hereon are based upon an audit performed by SGS. A full copy of this statement, the findings and the supporting GHG Assertion may be consulted at **Applied DB Public Company Limited's Headquarters at 252, Moo 4, Soi 3C, Sukhumvit Rd., Phraeksa Subdistrict, Mueang District, Samut Prakan 10280, Thailand**. This Statement does not relieve Client from compliance with any by laws, federal, national or regional acts and regulations or with any guidelines issued pursuant to such regulations. Stipulations to the contrary are not binding on SGS and SGS shall have no responsibility vis-à-vis parties other than its Client.

Appendix – Organization boundary and address covered by this report include

Headquarters: 252, Moo 4, Soi 3C, Sukhumvit Rd., Phraeksa Subdistrict, Mueang District, Samut Prakan 10280, Thailand
(Manufacturing and product development of plastic pellets and synthetic Polypropylene fibers)
